

School of Mechanical and Manufacturing Engineering

Proforma for the Registration of a New Course (MS)

Note:

1. An MS student must take a course load between 6 – 12 credits per semester unless only one course is needed to complete the coursework.
2. Please consult the department's webpage for details about the core and elective courses of the program.
3. Adding/ dropping a registered course is permitted in the first two weeks of the semester.
